SUMMARY

Enthusiastic Data Science intern with a passion for data analytics and machine learning. Possess strong quantitative and problem-solving skills. Seeking a Data analyst position at a Multi-National Company to utilize my knowledge and skills to analyze data and develop innovative solutions.

EXPERIENCE

DATA SCIENCE

Greater Noida at Honda Cars India Limited (HCIL)

I have worked as an intern in the IT Department from August 09, 2023 to October 09, 2023. My project topic is "Analysis of retail sales prediction and rate of diabetes patients in India using data science" at HCIL.

PROJECTS

Global Terrorism Datasets (EDA)

1. Well-structured, formatted and commented code
2. Exception handling, missing values and outliers
3. Charts visualization (for each chart, provide clear justification for the selection of the specific visualization)
4. Forest Data – Driven Decision Making

RETAIL SALES PREDICTION

1. Analyzed sales data
2. Developed visualizations to communicate sales patterns effectively

DIABETES PATIENTS

1. This data set is originally from the National Institute of Diabetes and Digestive and Kidney Diseases – The objective of the datasets is to diagnostically predict whether a patient has diabetes.

EDUCATION

Bachelor of Science (Physics, Chemistry, Mathematics)

. Br. Ambedkar University (2018 – 2021)

From grade A

. Data science

Minor in full stack Data science. Alma better (Recognized IIT Guwahati). Bangalore .2023 .7.0

CERTIFICATIONS

Almabetter . 2023

. Industry standard: Certification is often based on industry standards and can help individuals to establish are credibility in their chosen field.

They can serve as a validation of a person's knowledge and skills.

Data science and machine learning certification

Almabetter . 2023

Data science certification provides learner with distinct such as python and SQL, data visualization, and ability to build machine learning models.

COURSEWORK

Kaggle. 2023. Data Analysis, statistics Data, Visualization Database, Management python, programing, Data wrangling

EXTRA- CURRICULAR ACTIVITY

Naukri. Com silver bedge in SQL

SKILLS

TECHNICAL SKILLS:

Programing language: Python (proficient)

Machine learning algorithms

MS- office- Excel (Vlookup, Hlookup, Pivot table, visualization), word, PowerPoint

Data Analysis Libraries: NumPy, pandas

Machine learning Libraries: scikit – learn

Data Visualization: Matplotlib, seaborn

Databases: SQL

Tools: Jupiter notebook, Git

Statistical Analysis: Hypothesis testing, regression analysis

Data Processing: Data cleaning, feature engineering, interpret data

Data Visualization: matplotlib, seaborn

. SOFT SKILL

Analytics thinking

Effective communication

Team management

Problem solving

. Language – proficient in English (written and spoken)
