Experience

07/2022 - Present

Company Name | MIM-ESSAY

Software Testing Engineer

- Orchestrating comprehensive testing initiatives, ensuring the deployment of resilient software solutions.
- Harnessing the insights gained from my formative internship experience, I've perfected the art of unveiling elusive bugs through ingenious techniques.
- Real-time project testing has finely honed my skills, harmonizing theoretical prowess with hands-on application.

03/2022 - 06/2022

Company Name | Mobisign Services Private Limited

Software Testing Engineer

- Championing exhaustive testing endeavors, diligently uncovering defects and optimizing software caliber.
- Seamless integration within a multifaceted team of designers, developers, and testers, fostering effective cross-functional collaboration.
- Applying a wealth of knowledge in manual testing methodologies and leveraging the prowess of Uilicious Software Testing Tool to execute streamlined automation.

06/2019 - 08/2019

Company Name | Mehraj Software Pvt. Ltd

Web Developer Intern

- Pioneered transformative web development projects, gaining profound insights into both front-end and back-end intricacies.
- Nurtured a broader perspective by closely collaborating with developers, enhancing the capabilities of web applications.
