RATES

Our company's rates are flexible.
Following an individual approach to our clients
we are ready to discuss the costs
which answer mutual interests.

According to the **ISO 17100:2015** standards we ensure

consistency, **quick turnaround** and **high quality** of all the translations we provide.

This is achieved through an accurate, well-planned human resources management
and sophisticated quality assurance procedures.

Our translators and reviewers always have all the needful tools and information on the project,
and we always work in one environment to **guarantee terminological consistency**.

The proofreading and editing of the translated content are fulfilled in several steps
which ensure **proper style** and **error-free text**.
