Video Editor Intern | Saksham, A helping hand Foundation(WFH) **Aug 2021 – Sept 2021**
• Started this internship as a video editor in the Covid's second wave for an NGO.

PROJECTS

Created Three Interactive Dashboards to track & analyse data using Power Bi :

- Used complex parameters to drill down in worksheet & customization using filters & KPI's.
- Created connections, DAX formula, join new tables, calculations to manipulate data & enable user driven parameters for visualizations.
- Used Different types of customized visualization (bar chart, pie chart, clustered bar chart, scatter chart, line chart, area chart, map, slicers etc).

Interactive Dashboard Creation using Excel :

- Made a MIS Report for 'Vrinda Store' by Using Data Analysis (Data Cleaning, Data processing, Data Visualization).
- Dashboard contains various type of graphs, Like for Sales in top 5 States, Sales and orders by month, order status, Sales by gender.
- Extracted Sample Insights for the next steps for Company's Growth.

Designed a Static Websites & Two Login forms using HTML & CSS :

- . Static Website contains : Navigation bar,Hoverable buttons,Sections for content, a contact us form.
- Login Forms contains: Placeholders,sign in & sign up buttons and etc details,with a creative design using css code.
