Summary

In 2022 I graduated with a bachelor's degree in computer science from the University of Kashmir. Having now obtained my degree, I am a Software developer student. Due to graduation, I am eager to secure challenging roles in software development.

Modules studied during my degree include object-oriented programming, systems & architecture, software engineering management, operating systems, industrial network design, artificial intelligence, UX design, designing secure systems and robotics and many programming languages (HTML, CSS PHP, JavaScript, MySQL, Bootstrap, python).

I'm currently doing Microsoft Azure Virtual internship form Future Ready Talent. Its is a virtual internship platform with an opportunity to learn the in-demand azure cloud & security skills aligned to industry needs. The program aims at preparing learners work towards solving business challenges and creating innovative solutions using the power of Microsoft Azure & GitHub tools
