Dynamic professional with over 4 years of experience in Production, Operations, Packaging, and Quality Assurance within the Chemicals, Beverages, and FMCG sectors. Holds a Bachelor of Technology in Mechanical Engineering from MAKAUT University. Proficient in strategic thinking, problem-solving, and relationship-building. Actively seeking opportunities to advance my professional growth in a challenging and dynamic environment that fosters skill development and contributes to achieving organizational goals.

Work Experiences:

➤ **April, 2023 – April, 2024**

Techno Commercial Executive

Reliance Consumer Products Limited under 3 Point Human Capital

Varanasi, Uttar Pradesh, India

- Managing two RCPL's copacker unit "Nature Fresh" & "BD Foods" while bridging the gap between technical and commercial aspects of RCPL's beverage products.
- Maintaining daily production and general operations of "Sure" and "Independence" Packaged Drinking Water (PDW) and "Campa" Carbonated Soft Drinks (CSD), coordinating with technical and commercial aspects of beverage projects, tracking progress, and ensuring completion on time to drive business success.
- Responsible for ensuring that the carbonated soft drinks and packaged drinking water meet the quality standards set by the RCPL, BIS, FSSAI and other regulatory bodies. Monitoring the production process, trials, quality cross verification and implementation of corrective measures when necessary.

➤ **January, 2021 – March, 2023**

Quality Supervisor

Tata Consumer Products under Genius Consultants

Kolkata, West Bengal, India

- Monitor and ensure adherence to "Tata Salt" and "Tata Tea" warehouse operations, GMP, FIFO, and FEFO for Tata FMCG products. Prepare daily quality inspection documents for incoming packaging materials.
- Supervise production processes and train staff on updated SOPs to comply with statutory, regulatory and TCPL quality standards. Provide food safety, hygiene and safety training to machine operators, production workers, and other CFA staff.
- Prepared reports such as DPMO, OEE, GMP, FSSAI internal audit, internal lab test, CCP, pest control, batch traceability, incoming packaging material test report, training, machine breakdown, mock product recall, MRM, calibration, inspection and laboratory tests on salt. Ensure strict adherence to personal hygiene standards and supervise a team of 14 QC members.

➤ **February, 2019 – August, 2020**

Production Trainee

Keventer Agro Pvt Ltd

Kolkata, West Bengal, India

- Team worked for the production and packaging of Parle Agro's "Frooti" (mango drink) and "Appy Fizz" (apple juice) beverages.
- Utilized gauges, micrometres, scales, and vernier callipers to conduct inspections for production.
- Conducted assessments on beverages for CO2 gas volume, brix, density, weight, pH, temperature, and colour. Utilized various instruments such as torque tester, top load tester, pH and TDS meter, refractometer, hot furnace, desiccator, hygrometer, pressure gauges, spectrophotometer, magnetic stirrer with a hot plate, ozone and chlorine testing kit.
- Operated sleeve applicators and CIP machines for RO-treated water and removed faulty pet bottles from air conveyors.
